

CELEBRATING
50 years of service

We at Interfaith want to congratulate Temple Adat Shalom on their 50 years of continued hard work and helping their community. There may not be a more impactful faith community amongst our founding faith congregations than Temple Adat Shalom. Rabbi Sheldon Moss gave Interfaith its seed money to create the organization we have here today. Lee Y. Turner started what is now our Providing Hope to the unmet needs of our grants and contracts. Our years of service to the community are built on the foundation laid by Temple Adat Shalom 45 years ago. We continue to say thanks and are eternally grateful for all that has been done.
